## On-call relief employees (OCRE) to receive lump sum payout June 13

Dear Colleague,

Since January 2019, you have been receiving increased compensation as a result of the pay equity resolution for rural and suburban mail carriers (RSMC). While on-call relief employees (OCRE) are not covered by the retroactive pay equity adjustments, we believe paying you the same compensation as route holders and permanent relief employees (PRE) is the right thing to do.

We have decided to pay all OCRE retroactively for work performed between 2016 and 2018. You will see this adjustment on your June 13 pay.
