

Smoking Cessation Program

If you are a smoker who has tried quitting, you know how difficult it can be. Smoking is very addictive and quitting requires considerable planning, determination, and courage. Our program addresses the psychological dependence and creates a foundation for successful behaviour change.

Be a healthy, happy ex-smoker!

- **Need a personal coach?** We can help you decide to quit, figure out when to start, what method or combination of methods to use, and we will be there to support you if you are tempted to pick up a cigarette again.
- **Dealing with withdrawal?** If you are feeling depressed, have trouble sleeping or concentrating, or have developed an increased appetite, we can help with suggestions and support.
- **Need to 'unlink' from your triggers?** If smoking has become linked with everything you do—from drinking coffee to watching the evening news—we can help you overcome the mental challenges of quitting.
- **Ready to make lifestyle changes?** If you want to make other changes such as starting an exercise program, eating healthy, or taking up meditation in order to feel better, we can make recommendations that will support you moving forward.
